

IBA & Vodafone agree Partnership

The IBA are delighted to announce a new partnership deal with Vodafone and Electromaster [Vodafone Agent]. This partnership will allow IBA members access to excellent value Business Tariffs for their Mobile, Landline and Mobile Broadband requirements. These Business Tariffs will be designed on an individual company basis customised to suit individual business requirements.

Electromaster, in conjunction with the IBA, will contact your office and carry out a detailed analysis of your existing mobile account and design a tariff around your requirements for calls, text & data.

The same process will take place for your existing Landline set up.

To avail of your special offer tariffs and the latest in mobile phone technology including Smartphone's and many more,
